Re: CG Docket No. 02-386, Rules and Regulations Implementing Minimum Customer
Account Record Exchange Obligations

Dear Ms. Dortch:

On January 12, 2006 the industry CARE Coalition (AT&T, Bell South, Qwest, Sprint and Verizon) met by conference call with David Marks, Lisa Boehley, Nancy Stevenson and Erica McMahon of the Consumer and Governmental Affairs Bureau to discuss proposed clarifications to the Commission's Report and Order in the above referenced proceeding.

Specifically, we discussed proposed language clarifications to Section 64.4002(d). It was agreed that the proposed language modification following would provide clarity to that rule and satisfactorily addressed Commission staff questions related to previously proposed Coalition modifications.

Customer contacts LEC or new IXC to change PIC(s) or customer contacts LEC or current IXC to change PIC to No-PIC. When a LEC has removed at its local switch a presubscribed customer from an IXC's network, in response to a customer order, upon receipt of a properly verified PIC order submitted by another IXC, or in response to notification from the customer's current IXC relating to the customer's request to change PIC to No-PIC, the LEC must so notify the customer's former IXC of this event.

Additionally, we discussed Commission staff questions related to Coalition proposed modifications to Section 64.4002(g). Based on that discussion, it was agreed that the Commission staff would review this Section and propose modification as they deem necessary.

One electronic copy of this Notice is being submitted to the Secretary of the FCC in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

A handwritten signature in black ink, appearing to read "M Del Casino".
